Description :

Prsentation de l'diteurTHE MOST COMPREHENSIVE BIOGRAPHY OF ARSENE WENGER EVER PUBLISHED. When Arsene Wenger arrived at Arsenal in 1996, he was little known to fans at the cluband many doubted he could bring back the glory days of George Graham. But soon he was transforming the way the team played, melding the famous English defensive spine of Tony Adams, Martin Keown, Lee Dixon, Nigel Winterburn and David Seaman with a hugely creative foreign attacking spirit, epitomised by Dennis Bergkamp, Thierry Henry and Robert Pires, that could both outplay andoutmuscle their rivals. At the same

time, he introduced new ideas on diet, exercise, training and tactics, which many players believe extended their careers. Having won numerous trophies, and led the Invincibles to an unprecedented unbeaten league season in 2003-04, Wenger then had to help the Gunners through the next stage of their development when they moved from Highbury to the Emirates Stadium, a move that was followed by a nine-year trophy drought. Despite the financial constraints he faced, he still managed to keep the club playing in the Champions League year after year while remaining true to his philosophy of how the game should be played. Some began to question whether he had been left behind, despite picking up back-to-back FA Cups in 2014 and 2015, and from some quarters calls grew for him to retire, though in May 2017 he signed another two-year deal to stay at the club. Now, in this updated edition of John Cross's acclaimed biography, the author provides a compelling account of the man and his methods. He assesses the scale of Wenger's achievements, as he reaches 20 years in charge of Arsenal, and provides the most complete portrait of the Frenchman yet written.

He assesses the scale of Wenger's achievements, as he reaches 20 years in charge of Arsenal, and provides the most complete portrait of the Frenchman yet written.

Quatrième de couverture After more than a thousand games in charge, Arsene Wenger has been managing Arsenal since 1996. When the Frenchman arrived in north London, he was a virtual unknown in England and, at a time when foreign managers were still a rarity, his new ideas about diet, exercise, training and tactics revolutionised the old-school ways of the club. To that English heart, with its famous back four, he added some continental flair, which brought him seven trophies up to 2005, including two Doubles (in 1998 and 2002) and the Invincibles of 2003/04, who won the Premier League without losing a match. Stars such as Bergkamp, Henry and Pires combined with warriors like Adams, Campbell and Vieira to create an unstoppable force that could both outmuscle and outplay their opponents. But then came a nine-season trophy drought, as the Gunners had to fund their move to the Emirates. Questions were asked as to whether Wenger had been left behind, but with back-to-back FA Cup wins in 2014 and 2015, as well as 18 successive seasons in the Champions League, Wenger kept on finding the answers. Now, in this fascinating and comprehensive insider's insight into Wenger's Arsenal, John Cross provides a compelling account of the man and his methods. Based on in-depth interviews with many of the key figures, Cross has written the most complete story of Wenger's Arsenal career ever published.
