Description :

Prsentation de l'diteurA riveting account of the birth and remarkable evolution of the most important development in entertainment since television, *Replay: The History of Video Games* is the ultimate history of video games. From its origins in the research labs of the 1940s to the groundbreaking success of the Wii, *Replay* sheds new light on gaming's past. Along the way it takes in the spectacular rise and fall of Atari, the crazed cottage industry spawned by the computers of Sir Clive Sinclair, Japan's rapid ascent to the top of the gaming tree and the seismic impact of *Doom*. *Replay: The History of Video Games* tells the sensational story of how the creative vision of game designers across the globe gave rise to one of the world's most popular

and dynamic art forms. Based on extensive research and more than 140 interviews, *Replay* includes insights from video game legends such as Atari founder Nolan Bushnell, Will Wright - the creator of *The Sims*, Doom designer John Romero and Hironobu Sakaguchi of *Final Fantasy* fame. *Replay* also includes a foreword by Richard Garriott (aka Lord British), a gameography covering more than 800 of the most notable games ever made and a 26-page guide to the consoles and computers of gaming's past and present.
