Description :

Prsentation de l'diteurThe Waldorf Astoria is the classiest hotel along the Manhattan skyline in 1930s New York City. When a charming woman named Nina checks in with a high-society entourage, young Frank, a bellhop, and Theresa, a maid, get caught up in a series of mysterious thefts. The stakes quickly grow perilous, and the pair must rely on each other to discover the truth while navigating delicate class politics.

Eisner Award-winning artist Jonathan Case (Green River Killer, Dear Creature) writes and draws this brilliant graphic novel of petty crime, comic predicaments, and vast heart in a story that speaks to class, race, and gender barriers.Revue de presse"Jonathan Case composes with the flair of Caniff and Toth, playing up the conventions of a classic film romp while turning them on their head, with humor and vivace and a spring in his step. I loved it.--Craig Thompson "Case does a terrific job balancing the lightness of a high-society

crime spree against the realities of life during the Depression, and he makes the book far more complex than it appears on the surface. *The New Deal* is a very good comic, and if you enjoyed *Cases* work on *Batman 66*, you should definitely check it out. [Comic Book Resources](#) The balance between verisimilitude and style infuses the book with a sleek, polished period feel that is both emotionally expressive and painstakingly historically accurate. Truly, this is some of *Cases*'s best work to date and stands as one of the most visually pleasing books of the year. *Broken Frontier* "The New Deal is a graphic novel that finds a gifted cartoonist at the top of his game, beautifully blending the written word and exceedingly lovely art into something wonderful: a wildly enjoyable comic.
