## Description :

Prsentation de l'diteurLifelong introvert Quinn Malone was sick of spending her evenings at home, doing crossword puzzles and watching reality TV. Successful, smart, and funny, 38-year old Quinn embarks on a quest to find a man, using blind dates, speed, and internet dating to get things moving. Quinn overcomes her shyness to suffer through dates that are so bad, theyre funny (see the chapter on hunchbacks). With the help of good friends, she successfully transitions through the seven stages of dating: excitement (Ive still got it!); infatuation (he makes me feel beautiful); disappointment (he looks nothing like his online photo); anger (why is he online if hes married?); fatigue (I cant bear the thought of another date); depression (Im going to

grow old and die alone); and acceptance (dating: it is what it is). Through the triumphs and heartbreaks of dating, and of life in general, Quinn uncovers the resilient, dynamic person shes always been. The question is, has Mr. Right been waiting in the wings all along?The Truth About Dating is a full-length novel, approximately 120,000 words. If you find any errors in the May 2011 version of this ebook, contact the author via her blog and she will gift you a copy of her latest book.
