Par MaMoona : Top 20 Starting Signs: Easy Signs To Teach Your Baby! (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Top 20 Starting Signs: Easy Signs To Teach Your Baby! (English Edition):

## Description :

Prsentation de l'diteurMaMoona - Baby Sign Language helps monolingual/ bilingual multilingual hearing parents how to begin a two-way communication with their hearing babies through sign language before they can speak.Incorporating baby sign language into your everyday life will benefit you and your baby in some of the following ways:MaMoona - Baby Sign Language acts like a language bridge especially for bilingual/ multilingual families as the signs will act as a connection between the languages. 1 sign = 1 meaning = 2 or more languages.Using MaMoona - Baby Sign Language, your baby will be able to express his/her needs and wants before being able to speak. MaMoona - Baby Sign Language helps reduce frustration for both parents and babies. It provides you with a communication tool which can be used from birth up to 3 years old or more if needed.
